LAMPERTS WRITE

CASSELMAN FAMILY GET LETTER TELLING OF IDEAL AUTO TRIP

Charles Casselman and family of 451 West Elk avenue, yesterday received a letter from Mrs. J. P. Lampert, telling of the wonderful auto trip she and Mr. Lampert are enjoying. They left here early in June, accompanied by William Coryell and wife of Burbank, going first to Salinas, to visit a short time with the Lamperts' recently married daughter, then went up into Oregon and Washington, then visited Yellowstone Park and went thence to Casper, Wyo., where the Coryells stopped to visit relatives. They returned home from there arriving last Wednesday.

Mr. and Mrs. Lampert went from Casper up into the Dakotas, then down south of Omaha, where they were when they wrote, visiting a brother of Mrs. Lampert. They will go thence to Chicago and up into Wisconsin, then start for home by way of Illinois, Missouri, Oklahoma, Texas, New Mexico and Arizona. They expect to arrive about the middle of October. They have had an ideal journey so far, they wrote, with very little machine or tire trouble, and were enjoying every minute of the time.

More New Residences

Yesterday's building permits were eleven in number, all for residences, alterations or garages, and they totaled $24,350. Among the residences included in these were two for Contractor Henry A. Michel, one of six rooms at 376 West Doran, $4500, and the other of five rooms at 428 Salem, $4000,; one of three rooms for Frank C. Peters at 433 Myrtle, $2500; one of six rooms, $4500, at 463 Myrtle for Gust Johnson, and one of six rooms for P. E. Maxwell, 129 Burchett, $5500. The total for the month up to last night was $357,967.

Quick Work in Building

The Evening News of August 16 told of an instance of quick work in starting a home, Mrs. L. J. Logan coming out from Los Angeles and in half an hour selecting a plan of a house from the Bentley-Schoeneman Co.'s design book, going to the City Hall to sign for a water meter, contracting with the Rommel Construction Co. to build the house, then going to the lot to locate the meter. The same speed seems to have been kept up in building the house, for though it was begun just ten days ago, it is already under roof.

Suffers From Fall

Mrs. Isabel Baldwin of 903 South Central avenue had the misfortune to faint last Friday, falling forward in such a manner that her face was quite badly bruised. As she is an elderly woman, the shock was very severe. She is reported to be resting comfortably.

Calls on Friends

H. M. Overton of Yucaipa was in Glendale last week attending to business affairs, and calling on old friends. He was engaged in the real estate business with Harry Chase for a number of years, and hence his visit brought pleasure to many business associates and other acquaintances. He is now a very successful raiser of red apples in Yucaipa Valley.

WILL BUILD HOME

P. E. MAXWELL OCCUPIED GARAGE FOR TIME; NOW TO ERECT FINE RESIDENCE

P. E. Maxwell is firmly convinced that Glendale is the best place to live after all. He lived on North Kenwood a few years ago, but when his younger brother went to war he sold his place and went back to the old home near Galesburg, Ill., to run the farm. When the brother returned from the service he wanted to again take hold of the farm, so P. E. willingly relinquished it and moved back to Glendale. He arrived last May and soon afterward bought a lot at 129 Burchett, and built thereon a garage for a temporary residence. Now he is starting in to build a fine Spanish style six-room bungalow on the front of the lot to cost $5500. W. G. Boyd will be the builder.

GIPSY INVASION

GANG SEPARATES TO LOOT CITIES; GOODS STOLEN IN GLENDALE

A gang of gypsies passing along San Fernando Road yesterday divided into small parties and apparently attempted to raid several cities. One wagon load of them, a man, two women and three little children, went into R. M. McGee's store and while the women filched several pieces of dry goods the man tried to open the cash register, but was detected and the whole gang ordered to leave the store. Several pieces of merchandise were missed later and officers sent for the gang. The goods were found on them and all recovered. They appeared before Judge Lowe this morning, but on account of the children, who would have been a public charge, had the elders been jailed, Mr. McGee dropped the charge and Judge Lowe ordered the party to leave Glendale at once and not return.

Woolwine Meeting

Numerous placarded autos and later in the evening a fife and drum corps parading the streets in a machine, advertised the Woolwine meeting at the corner of Brand and Broadway last evening. Mr. Woolwine reviewed the issues of the campaign, outlining the scope of the District Attorney's duties, and answered charges made against the conduct of his office in the past by his opponents.

Clanin Branching Out

Clifford Clanin, who for several years has conducted a meat market in the Park Avenue Grocery, is going to branch out for himself and early next week will open a small grocery and market which he will tell the readers of The Evening News about in the advertising columis. Clifford built a fine seven-room home on North Jackson a few months ago, and is now occupying it with his little family.

W. G. Boyd Goes East

Contractor W. G. Boyd will leave tomorrow for Sparta, Ill., where he will spend three weeks visiting relatives and then return home, accompanied by his wife and two children who have been visiting in Illinois for several weeks. S. Riley Lyon, father-in-law of Mr. Boyd, will superintend the building now under way in the absence of Mr. Boyd.

Cheaper Sugar Promised

Residents of West Glendale who note the many cars of sugar beets carried by Southern Pacific freight trains these days, see in this abundance the promise of cheaper sugar when the many factories in Southern California have begun to turn out the sweet stuff in quantities. Already prices are lower in the East, but no promise is given to the West of a reduction until the new beet sugar begins to move. Meanwhile retail dealers are selling to customers on the smallest possible margin.

PLEASED RESIDENTS

RANDOLPH BAINBRIDGE AND FAMILY SATISFIED WITH NEW HOME

Randolph Bainbridge, who arrived in Glendale early in July with his wife and two little girls from Boston, Mass., to enjoy a year's rest from his business of construction engineer in his home city, is one of the most supremely satisfied of Glendale's new citizens and the same can be said of each of the other members of the family. Mr. Bainbridge came expecting to rent, but very soon decided to buy and he and his now occupy the fine home bought of Ed Lynch at 807 South Maryland avenue. They are now in treaty for the furnishings of the house, also, and when that matter is attended to Mr. Bainbridge says he can be perfectly at ease and enjoy life. He is already looking around to buy some business and residence property for investment. He leased the fine home he owned in Boston for a year, completely furnished, but he now thinks their stay will be permanent. Asked if the earthquakes had any effect on his resolve to stay in California, he laughed and said that a single thunder storm in the East was often more deadly than all the earthquakes Los Angeles ever experienced.

RUSSIAN DEFEAT

EIGHT BOLSHEVIK DIVISIONS ANNIHILATED; EIGHT OTHERS REDUCED TO HALF

(Special Service to Glendale Evening News)

LONDON, Aug. 24.—The Russian defeat is so complete and overwhelming that there is no possibility of the Russians reforming their armies on Polish territory, dispatches declared today. All Red troops will be ejected from occupied territory before the end of this week, it was declared.

According to unofficial reports, 90,000 prisoners have been taken by the Poles to date. Sixty thousand were captured in the Warsaw area, the remainder in the Danzig corridor.

PARIS, Aug. 24.—Eight Bolshevik divisions have been completely annihilated and eight others reduced by half, according to Warsaw dispatches today. The Polish victory is growing. Only the 4th and 14th Russians armies are still offering real resistance, dispatches said.

LONDON, Aug. 24.—The Russian northern army has opened negotiations for surrender, according to unconfirmed reports from Vienna.

PARIS, Aug. 24.—Premier Millerand today sent an official note to London declaring the Anglo-Italian message to Russia contains nothing contrary to the French principles.

LUCERNE, Switzerland, Aug. 24.—Great Britain and Italy are demanding that the Russians modify their armistice terms, according to a peremptory note sent to the Bolsheviki, requiring immediate withdrawal of objectionable clauses. This disclosure was made by Premier Lloyd George in an interview here today.

CAMPAIGN FUNDS

COX SAYS HE WILL PROVE CHARGES AGAINST THE REPUBLICAN CAMPAIGN COMMITTEE

(Special Service to Glendale Evening News)

CHICAGO, Aug. 24.—Senator Kenyon, chairman of the Senate investigating committee, said he would not call either Cox or Harding to testify before the committee regarding campaign funds.

DAYTON, O., Aug. 24.—Governor Cox, in a sharp statement today, declared he will prove the charges that the Republicans are seeking a fifteen million dollar campaign fund, in a speech at Pittsburg on Thursday night. Cox criticized Harding's "apparent ignorance of many things going on around him."

NEW YORK, Aug. 24.—Frederick Upham, treasurer of the Republican campaign committee, today declared that slightly less than a million dollars have been raised by the Republicans since the nomination of Senator Harding.

VILLA HAS REVOLTED

FLEES TO HILLS WITH FOLLOWERS; NEGOTIATIONS OPENED WITH ZAMORA

(Special Service to Glendale Evening News)

SAN ANTONIO, Tex., Aug. 24.—Pancho Villa has revolted, and with 2000 followers fled into the hills, an unconfirmed report reaching here today said.

MEXICO CITY, Aug. 24.—Government representatives left here today to open negotiations for the surrender of Bandit Leader Zamora, after Zamora telegraphed President De la Huerta asking the government to cease operations against him pending negotiations.

The bandits have released all Americans except Hoyle, a mining man, who is expected to carry Zamora's proposals to the government.

GUARD CONSTABLE PURRIER

LIFE OF BURBANK OFFICER WOUNDED BY BANDITS HAS BEEN THREATENED

(Special Service to Glendale Evening News)

LOS ANGELES, Aug. 24.—A sheriff's guard has been established around the Burbank Hospital to protect Constable Henry Purrier, following alleged attempts against Purrier's life, the sheriff's office said today.

Purrier is expected to be the star witness against Raphael Dalo and Dominico Gayes, alleged murderers of Deputy Marshal Robert Normand of Burbank.

CRITICIZES ARROWHEAD MANAGEMENT

REPORT PRESENTED TO CONVENTION OF AMERICAN LEGION RAPS CONDUCT OF HOSPITAL

(Special Service to Glendale Evening News)

SAN DIEGO, Aug. 24.—A report sharply criticizing the conduct of the Arrowhead Hospital for disabled soldiers, at San Bernardino, was read at the American Legion convention today. The report was prepared by Los Angeles Post No. 8.

MRS. RAMBEAU

ENTERTAINS GUESTS FROM SAN FRANCISCO AND NEW YORK; DAUGHTER IN PARIS

Mrs. L. B. Rambeau of 122 West Lomita avenue, entertained Mr. and Mrs. Charles King of San Francisco and Mr. and Mrs. Landen Stevens, formerly of San Francisco, now residing in Glendale, Sunday afternoon. Last week Macey Harland of New York City was a guest at the Rambeau home. Mr. Harland played in "Eyes of Youth," with Miss Marjory Rambeau, who is starring on the legitimate stage in New York.

Mrs. Rambeau states that recently she received a letter from her daughter. Miss Marjory, who is at present enjoying a two months' vacation in Paris and other European cities. The letter tells of the almost pathetic spirit of gayety prevalent in Paris; the grim tragedy of the recent war leaves its traces everywhere. Miss Rambeau sends greetings to all her California friends.

Enjoying Auto Trips

J. H. Garnsey and wife of 436 Vine street, and their son-in-law and daughter, Dr. and Mrs. Wilbert W. Waterman of 442 Vine street, returned home yesterday from a several days' outing at Laguna Beach and San Diego. They start tomorrow for another outing, going this time to Santa Barbara. They have many old acquaintances from Kansas City in both San Diego and Santa Barbara and one of the greatest pleasures of these trips is greeting them.

Anniversary Dinner

Mrs. Lena Melrose, accompanied by her son, Clifford, has arrived from Bakersfield to spend several weeks visiting her mother, Mrs. Mary A. Ayers of 215 West Palmer avenue. Tonight, at 7 o'clock, a dinner will be given in honor of the birthday anniversary of Edward Ayers. Members of the family, including Mr. and Mrs. Ayers, Mrs. Lena Melrose, and son, Clifford, and Edward E. Ayers of Los Angeles will be present. Wednesday evening, relatives and a number of friends will be entertained complimentary to Mr. Ayers. The social hours are to be devoted largely to music.

Bicycle Riding on Walks

Bicycles are to be taken from boys and girls found riding on the sidewalks in any part of the city, the city marshal has announced. Parents should take notice of this and caution their children. The bicycles so taken will be kept at police headquarters until the children can give assurance that they will keep off the sidewalks entirely with their wheels.

Strong Reportorial Staff

The Evening News has reorganized its reportorial staff making it now one of the most efficient news-getting organizations in any city of like population in the United States. The office is connected with the central telephone exchange by four lines, which fact is sure to afford service to patrons at all times, from 6:30 a. m. to 9:30 p. m.

Call Glendale 132 and you will get an immediate response, or visit our commodious quarters at 139 South Brand Boulevard, where you will get a kind reception.

Leave for East

Mrs. Clayton Evans of 122 East Laurel street, left last night for New Jersey, where she will make her home. The remains of her husband, the late Clayton Evans, who passed away June 24, 1920, will also be taken to New Jersey for interment in the family cemetery. Mr. and Mrs. Evans had made their home in Glendale for fifteen years, and although they have no relatives here, had many friends, who were very much pained at the death of Mr. Evans, and who will regret to see Mrs. Evans leave the city.

Daylight Burglaries

Two daylight burglaries have been committed recently on West Acacia avenue. Mrs. William La Fountain had a very valuable fur piece stolen from her home and Moses Stubblefield, an aged man living alone, lost small sums of money and clothing.

BANK CHANGE

GLENDALE BANKS FORMALLY OPENED AS BRANCHES OF L. A. TRUST & SAVINGS

The Band of Glendale and its branch bank on Brand Boulevard, which were recently purchased by the Los Angeles Trust & Savings Bank, were formally opened yesterday (Monday) as the Glendale Avenue Branch and the Brand Boulevard Branch of the Los Angeles Trust & Savings Bank.

F. H. Vesper, former president of the Bank of Glendale, remains with the Glendale branches as assistant vice president. Two other officers who also remain are D. H. Smith, as assistant manager of the Brand Boulevard branch, and Herman Nelson, as assistant manager of the Glendale Avenue branch.

A. R. Eastman, who has been the purchasing agent and statistician of the Los Angeles Trust & Savings Bank, has been appointed manager of the Glendale branches. Mr. Eastman has had a long experience as a banker in Oklahoma, including the presidency of two banks, and engaged in the loan business for several years in Los Angeles prior to affiliating with the Los Angeles Trust & Savings Bank.

Glendale has recently developed a large and growing industrial section west of the town, along the San Fernando Road, and her building permits are claimed to make the best showing of any town in Southern California. The Glendale branches of the Los Angeles Trust & Savings Bank will be able to take care of these enterprises and supply the needed capital to promote the growth of the city. This is believed to mean much to Glendale, because the leasing possibilities of the new Glendale branches are extended, under the law, to the limits of the Los Angeles Trust & Savings Bank. Back of the latter is the First National Bank of Los Angeles, the stockholders of which own the Los Angeles Trust & Savings Bank.

The Glendale branches, it was stated yesterday, will give to the people of Glendale and surrounding country, all the advantages and benefits derived from a large city bank. Statistics show that at least 45 per cent of all commercial checks passing through the clearings in Glendale have been drawn on banks located in the city of Los Angeles.

One Deer Killed

Charles E. Hutchinson, Sam Neighbors and father, G. W. Warner, and T. J. Hutchinson, are enjoying hunting and fishing in the mountains above Independence. They report plenty of fish and state that one fine deer has been killed to date. Mr. Warner and Mr. Neighbors and father will return to Glendale durinf the latter part of the week. Others in the party plan to remain indefinitely.

Occidental Crowded

Fred Johnson, physical director of Hollywood High School, also field secretary of the O Club, compoced of alumni of Occidental, was in Glendale yesterday. He says the attendance at Occidental this year is so large that living places for students are greatly needed. The suggestion was made that Glendale people having spare rooms would do well to advertise the fact through The Evening News and thus help to locate some of the students.

CHRISTIAN CHURCH

PASTOR ATTENDS ENDEAVOR RALLY AT SANTA MONICA; TELLS OF YEAR'S WORK

Rev. C. A. Cole went to Santa Monica Sunday afternoon to attend a meeting of Christian Endeavorers from the Christian churches of Southern California, in preparation for the state convention which meets at the Bible Institute in Los Angeles, September 1 to 5. Rev. Cole made the leading address of the afternoon. In connection with the coming state convention Rev. Cole on Sunday gave a brief statement of the activities of Central Christian Church for the fiscal year ending July 30, 1920. There have been eighty-four additions and a net gain of fifty, making the total membership 405. Money expended during the year, $5,495.10, of which $1,546.98 was for missions and benevolences.

GUTHRIE'S AUCTION SALE

$6000 once! $6000 twice! $6000 three times—and **SOLD** to..... (insert name.)

Here's what you'll buy!—5 room strictly modern bungalow. New—but built like a "battle cruiser." Here are the "high lights." We saw it built—frame and roof braced and trussed strong enough to support a roof garden for "Shimmie-Cabaret" show with standing room at a premium for the fellows. Best of workmanship and material. Three coats of enamel paint. Wash tray in garage, hot and cold water piped thereto. "First and last call!" Two blocks to Park Avenue station. Liberal terms.

VON OVEN

GAS FRANCHISE

NOTICE OF SALE OF FRANCHISE TO LAY GAS PIPES

To Whom It May Concern:

Notice is hereby given that an application has been made to the Board of Trustees of the City of Glendale for a franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas, under and along a certain portion of that public street known as San Fernando Road in the City of Glendale, and that it is proposed by the said Board of Trustees to offer for sale and grant to the highest bidder said franchise upon the terms and conditions herein mentioned and said franchise is described as follows, to-wit:

A franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas under and along that portion of that certain public street known as San Fernando Road in the City of Glendale described as follows:

Beginning at a point on the northern boundary line of the City of Glendale, said point being within the lines of that certain street in said City known as San Fernando Road; thence following the course of said San Fernando Road to the point of intersection of the northern property line of that certain street in the City of Glendale known as Doran Street.

That the terms and conditions upon which said franchise will be offered for sale and granted are as follows, and the grantee of said franchise or assigns shall be required to file a written acceptance of the terms and conditions thereof with the clerk of the City of Glendale, within thirty days after the passage of the ordinance granting the same.

That the grantee of said franchise, his, its or their successors or assigns, shall have the right to construct and maintain such traps and manholes as may be necessary to afford proper access to the said pipes and pipe lines for cleaning and maintaining the same, and said traps and manholes shall at all times be kept flush with the surface of the highway and so located as to conform to any order of the Board of Trustees of said City in regard thereto, and not to interfere with the use of the highway for travel, water mains or permanent culverts along said street. The grantee of said franchise, his, its or their successors or assigns, shall have the right, subject to such regulations as are now or hereafter may be in force, to make all necessary excavations in said highway for the construction and repair of said pipe lines, traps and manholes.

That the pipes to be laid and maintained under said franchise shall be of steel, of good workmanship and of an internal diameter of not less than twelve (12) inches nor more than sixteen (16) inches.

That the grantee of said franchise, his, its or their successors or assigns shall furnish and sell to the City of Glendale, or to any person or company operating a distributing system and maintaining the same in the City of Glendale, now or hereafter, gas for domestic and manufacturing purposes, and that the gas so furnished shall be furnished and sold at wholesale rates to said City of Glendale, or other person or company, above referred to, and that the gas so furnished shall be of good quality, free of injurious ingredients and of sufficient purity to be suitable for domestic use or manufacturing use, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request made by the City of Glendale, or by any person operating a distrfbuting system now or hereafter in said City of Glendale, and upon payment of his, its or their reasonable charges for making the connection and for furnishing gas, furnish to such person, company or the said City of Glendale an adequate supply of said gas for domestic or manufacturing use, or for both such purposes.

That in event the said grantee, his, its or their successors or assigns shall in fact convey oil through said system of pipe lines said City of Glendale and all persons residing therein shall be entitled to receive from said grantee of this franchise an adequate supply of oil for domestic and manufacturing purposes, that the oil so to be furnished by said franchise, his, its or their successors or assigns shall be of the same purity and grade as the oil furnished by said grantee, his, its or their successors or assigns to other customers along said pipe line system and at the termini thereof, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request from and by said City of Glendale, or by any person or company operating a distributing system now or hereafter in said City of Glendale for the distribution of oil and upon payment of his, its or their reasonable charges for making the connection and for furnishing such oil, furnish to such person or company or the said City of Glendale an adequate supply of said oil for domestic or manufacturing use or for both such purposes.

That all pipes shall be laid not less than two feet under ground, and, unless the Board of Trustees of said City shall otherwise direct, shall be laid along the sides of the highways and shall be within five feet from the curb lines in said street, and shall not be nearer than three feet to the macadamized portion of said road; and in the event that it is necessary to cross any portion of macadamized road, cement gutter or culvert, the same shall be done in such manner as not to disturb the foundation thereof, and in event the same cannot thus be done, the said crossing shall be made under a special permit to be granted by the Board of Trustees of said City upon application therefor, said application to be accompanied with a drawing, specifications and explanations, showing the necessity for the same. That during the laying or repairing of any such pipes, any trench or excavation made for such purpose shall, from sunset to sunrise, be barricaded and protected by lanterns placed at distances of not more than one hundred feet apart, along such trench or excavation, one of which shall be placed in the center of any cross street fronting on said San Fernando Road, at the point where said work is in progress.

That every pipe line constructed, maintained or repaired under the provisions of this franchise shall be constructed, maintained and repaired in accordance and conformity with all of the ordinances, rules and regulations now in force and that may hereafter be adopted and prescribed by the Board of Trustees of said City of Glendale.

That the work of laying or repairing such pipes or other appliances shall be conducted with the least possible hindrance to the use of said highways for the purposes of travel, and as soon as the laying or repairing of any pipe or appliance is completed, all portions of the highways which have been excavated or otherwise injured thereby shall be placed in as good condition as the same were before the laying of such pipes, to the satisfaction of the Board of Trustees of said City of Glendale. That any damage or injury suffered by any person, by reason of any excavation being improperly guarded during said work, or by any cause whatever in connection with construction, laying or repair of said pipe lines, or pipe, shall be borne by the grantee of said franchise, his, its or their successors or assigns.

That the City of Glendale reserves the right to change the grade of said street or any portion thereof over which this franchise shall be granted, and the grantee of said franchise, his, its or their successors or assigns shall at once change the location of all pipes and other appliances laid under said franchise so as to conform to such change of grade. That if any portion of said highway shall be damaged by reason of leaks in any pipe laid under said franchise, or by any other cause, the grantee of such franchise, his, its or their successors or assigns, shall, at his, its or their own expense repair any such damage and put said highway in as good condition as before such leak, or other damage, to the satisfaction of the Board of Trustees of said City.

That if the grantee of said franchise, his, its or their successors or assigns, shall fail to comply with any of the instructions of said Board of Trustees with respect to the location of any portion of said system of pipes and pipe lines, or the repair of any damage to highways, within ten days after the service of written notice upon said grantee, his, its or their successors or assigns, requiring compliance therewith, then said Board of Trustees may immediately do whatever work is necessary to carry out said instructions, at the cost and expense of said grantee, his, its or their successors or assigns, which costs, by the acceptance of said franchise, said grantee, his, its or their successors or assigns agree to pay upon demand.

That the work of constructing and laying said system of pipes and pipe lines, shall be commenced in good faith within not more than four months from the granting of said franchise.

That the said grantee of said franchise, his, its or their successors or assigns shall, during the life of said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of such grantee and his or its successors or assigns arising from the use, operation or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of said franchise, but thereafter such percentage shall be payable annually.

And it shall be the duty of the grantee of said franchise and of his or its successors or assigns, to file with the Clerk of said City of Glendale at the expiration of six years from the date of granting said franchise, and at the expiration of each and every year thereafter, a statement, verified by the oath of the manager or presiding officer of said grantee or his or its successors or assigns, showing in detail the total gross receipts and gross earnings collected or received by said grantee or his or its successors or assigns during the preceding twelve months, arising from the use, operation or possession of said franchise, and within ten days after the time for filing the aforesaid statement, it shall be the duty of said grantee and his or its successors or assigns to pay to the City Treasurer of the City of Glendale the aggregate sum of the said percentage upon the amount of the gross annual receipts arising from the use, operation or possession of said franchise, and if the amount paid is incorrect, in the judgment of the Board of Trustees, they may order the payment of such additional sum as they may find due hereunder, and if not paid, the same may be collected by suit. And any neglect, omission or refusal by said grantee or his or its successors or assigns to file said verified statement, or to pay the said percentage of the said gross annual receipts at the times or in the manner hereinbefore provided, shall ipso facto work a forfeiture of said franchise and all of rights thereunder, to the City of Glendale.

That said grantee or his or its successors or assigns shall not sell, transfer, assign or lease said franchise or any part thereof, or any of the rights or privileges granted thereby, except by a duly executed instrument in writing filed in the office of the Board of Trustees of the City of Glendale, and nothing in said franchise contained shall be construed to grant to said grantee or his or its successors or assigns any right to sell, transfer, or assign or lease said franchise or any of the rights or privileges thereby granted except in the manner aforesaid.

Nor shall gas or oil to be carried by the said grantee, its successors or assigns through the pipe line for the construction of which this franchise is granted be disposed of directly or indirectly to any competitor of said grantee or its associated or subsidiary companies, operating in said City of Glendale, and be sold therein, except by the consent of the Board of Trustees of said City.

That any neglect, failure or refusal to comply with any of the conditions of said franchise shall thereupon immediately ipso facto effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee or his or its successors or assigns from further use of the highways of said City under said franchise; and said grantee or his or its successors or assigns shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Notice is hereby given that sealed bids in writing will be received at the office of the City Clerk of said City of Glendale for said franchise up to 8:30 o'clock in the afternoon of the 7th day of October, 1920.

That the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, provided only, that at the time of opening said bids, any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor in gold coin of the United States, and provided further that the Board of Trustees reserve the right to reject any and all bids.

Each sealed bid must be accompanied with cash, or a certified check, payable to the City Treasurer of the City of Glendale for the full amount of said bid, and no sealed bid will be considered unless said cash or check is enclosed therewith; and the successful bidder must deposit at least ten per cent of the amount of his bid with the Clerk of said City before said franchise will be struck off to him, and if he shall fail to make such deposit immediately his bid will not be received and will be considered as void and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid, as herein provided. Said successful bidder shall deposit with the City Clerk within twenty-four hours after the acceptance of his bid the remaining ninety per cent of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said franchise will then and there, by the said Board of Trustees, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited and no further proceedings for the sale of said franchise will be had until the same shall be readvertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him or it, file with the said Board of Trustees a bond running to said City in the penal sum of One Thousand ($1000) Dollars with at least two good and sufficient sureties, to be approved by said Board of Trustees, conditioned that said bidder will construct said pipe lines and shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid therefor will be forfeited. The Board of Trustees reserve the right to grant similar franchise over said street to any other person or company.

J. C. SHERER,
City Clerk of the
City of Glendale.

A Daily Recipe by Delmonico's Chef

Boil some asparagus in salt water and dish up individually. Serve at the same time one boiled (five minutes) and shelled egg per person. The consumer at the table should crush the egg with a fork and season to suit their taste with salt, pepper and some sweet butter.

This accompaniment may also be prepared before and served in a sauce boat.

NICHOLAS M. SABATINI.

The services of a celebrated French chef are yours if you take The Examiner. Every morning Nicholas M. Sabatini, chef of Delmonico's, New York, tells Examiner readers how to prepare a delicious new dish. Besides being the source of constant new table delights, Sabatini's recipes are a decided "economy help," inasmuch as many of them suggest delectable uses for "left-overs" from a preceding meal.

If you want to make your table one of ever-varying appetite-appeal, at small cost, read Sabatini's daily recipe in the

Worth While Work

Wealth or fame is not necessarily the reward of those who do something worth while. Success is not always measured by such standards. One may be a hero and yet be unaware of the fact, and the world may be unmindful that the heroic deed is being performed by those it may esteem as commonplace.

The people of the Southern Appalachians, of pure English or Scotch Irish stock, in some sections are scarcely farther advanced than were their Elizabethan ancestors. Buried in the mountains, they have stood still for generations. To help a few such a score of years ago the Kentucky State Federation of Women's Clubs sent a half dozen cultured young women into one of the most benighted and feud-ridden sections of the state to look over the ground and see what could be done to carry Twentieth Century enlightenment to that region. They penetrated forty miles from a railroad. They found the ignorance they expected, but they also found a desire for instruction. Two of the young women, seeing the need, decided to spend their lives there serving those people in the way in which they most needed.

From that beginning schools have been established that have served to revolutionize five counties in the heart of the mountains. For a few hours' work a day a boy can obtain an academic education and receive instruction in some line of industry that tends to make him an efficient workman. Girls are taught sewing and cooking in addition to their mental studies. Nor is training in the social graces neglected for either sex. Hundreds have had their mental horizion widened to a state of intelligence where there was darkness before. Thus the efforts put forth by two "quare fotched-on women" have had remarkable effect in the Kentucky mountains.

Possibly these women are not aware that they have done anything heroic. Doubtless the results have amply compensated them for the years of hard work. Yet are there many cultured and educated women who would bury themselves in the hills amid a people kind and generous, but grossly ignorant and find pleasure in doing it? There were no "bright lights" or movies there to lighten the leisure hours. Certainly no financial reward could be gained from such an effort. But is not the satisfaction of having carried the means of acquiring knowledge to hundreds who otherwise would have passed their lives in illiteracy compensation for lack of many of the things we who live in more favored regions consider essential to our happiness yet could be done without?

The individual who cannot read, who knows not of the history of mankind, who is unaware that great joys are locked in books has a horizon inconceivably narrow. These women have lifted the veil and opened a way to the treasure of the world's knowledge to many who could not otherwise have had it. Is not that kind of service worth while. Is it not heroic? Others have done the same thing in different ways, perhaps. Our lives are rated by what we do, and helping others not so favorably situated as ourselves is the highest kind of service. These two women may not have had a great amount of that which society accounts as the pleasure of life, but they have the record of accomplishment. Have they not chosen the better part?

Woman's Intuition

What has become of woman's intuition, of which we used to hear so much? Surely it should be of incalculable value to her in political life if it is anything like the unerring instinct which it has been said to be. And no wonder that men, if they really believe in womanly intuition, should fear her as a political antagonist. By its aid elections will no longer be gamble and guesswork until the last vote is counted, as heretofore, but the intuition of woman will not only lead her to select the right candidate at all times, but always to predict correctly the result of the election.

But with the entrance of woman into public affairs her intuition seems to be forgotten. Perhaps this is her penalty for changing her sphere, and perhaps the intuition was only an imaginary attribute, one of the fantastic qualities with which we are fond of deluding ourselves and others.

Now that women have come into the open, as it were, the real test of the institution is at hand. Either it must make good and show that it is something more accurate than the reading of cards by a gypsy, the gyrations of the ouija board, or even the sayings of spirits through the trance of a medium. It will be an interesting experiment to note how womanly intuition will stand the test of political life or if it will stand it at all.

Instead of quitting the bandit game altogether, Villa might have come north and opened a shop for regulating prices upwards.

Who can remember when it was a distinction to have something a lot of other folks could not afford?

PRIMARY ELECTION

PRECINCT POLLING PLACES AND OFFICERS FOR EACH, AUGUST 31

No. 1. Polling place, residence, 451 Palm Drive. Inspector, George L. Young. Judges, Sarah G. Wright, Mrs. Golden A. Dewey. Clerks, Mrs. Nellie J. Stofft, John C. Pollack, Fayetta Musser.

Voters should cut this out and preserve it.

Sunday is not a day of rest for undertakers and coroners.

Wood River, Magic City

WOOD RIVER, Ill., Aug. 24. — (United Press).—The growth of Wood River—America's magic city—is due to the keen vision of an ambitious young man inspired to a big future through the advice of his employer.

That is the story they tell at the Standard Oil Company's refinery here. It's an old story to inhabitants of this industrial and home city, but it is of especial interest now that the Federal census of 1920 has been announced giving Wood River a population of 3476, or a gain of 4038 per cent since 1910, when there were only eighty-four souls within its borders.

Wood River's population gain has far outstripped that of any other city or town so far announced since the 1920 count was made.

The story goes that the manager of the general office of the Standard Oil Company, located near Chicago, called in a typical young American business man employe and said:

"I've got a job with a future for you. The opportunity for advancement is unlimited if you will only put your shoulder to the wheel. It will be a hard grind, but you can do it.

"We are building a refinery at a townsite over near St. Louis and I want you to go down there to run things. When the refinery is completed I am positive the town will grow. There is nobody there now, and it will be a lonesome place to live.

"Now go to it. You can make out of it what you will. You must leave tonight. Oh, yes, the place is called Wood River."

The young chap went home to tell his wife—just a slip of a girl. They got out their maps and began a search for Wood River. But all in vain. Nowhere on any available map of Illinois was there to be found even a dot marked Wood River.

At any rate, the young couple bought tickets for St. Louis and on arriving in the Missouri city made inquiry regarding their new home site. Nobody had heard of the place, although a railroad official admitted having heard of a refinery the Standard was erecting out near Alton, Ill. More questions at the interurban station finally drew reply that a local car made a stop at a place called Wood River.

Detraining at the spot the young couple found the town did not even boast a railroad station, although two important trunk lines between Chicago and St. Louis passed through. The only sign of habitation was a house or so where lived the workmen building the refinery.

The Chicago boy shuddered. His wife burst into tears. She was for returning at once. The husband gritted his teeth, however, and recalled what his boss had told him about the future of the town and his own opportunities. So they stuck to their jobs. In a few weeks they had a comfortable home built, and with the completion of the refinery more people moved in. Most of them, however, preferred to live in Alton, half a dozen miles away, or St. Louis, or its Illinois suburban places, less than an hour from Wood River.

Smith, let's call the young manager, was quick to see that, although the refinery work was attracting inhabitants, there was no life in the town for their families to enjoy, nor any place to go when the day's work was done. So he wrote his boss that he'd need capital to provide a moving picture show, a drug store, a grocery and maybe a library. The money was quickly forthcoming with the result that when workmen saw they could have enjoyments in Wood River without paying carfare to adjacent towns, they decided to buy property and build homes. So Smith set aside some of his company's money to loan workmen for building homes.

Wood River began to grow. That was in 1910. And when the census was taken that year and when every single person was counted, the new town's population amounted to only eighty-four. But the next year it boasted seventy-five houses and a few stores had begun to spring up by private enterprise. And the Smiths —husband and wife were wrapped up in the town.

Today Wood River is a booming town with all city improvements. Its streets are lined with modern homes, substantially built. Railroad trains now stop at the city's neat and ample station and the town's name is printed in all the roads' timetables. Nearly everybody in Wood River owns his own home. There are no negroes in the town. A few work in the plants of the town, but reside elsewhere.

And industry has grown. Besides the original Standard Oil refinery, there are now two other companies' refineries, a tannery of the International Shoe Company, and other plants, the payrolls of which now total more than $1,100,000 monthly.

Nobody locks his door. Thievery is almost unknown. It is just a big community where everybody knows everybody else, and Wood Riverians don't know where the town's growth will stop. Its natural advantages on the Mississippi River, close to cheap fuel and water power, and its location in the St. Louis metropolitan district, all presage wonderful future development.

And the Smiths, leaders in social and industrial development, feel they own the place. And they ought to; they made it.

A Goodrich Tire is one necessity sold at less than pre-war prices

Goodrich Tires cost 15% to 20% less than they did in 1910— and give far greater service.

Our Industrial Future

Experts figure that the advance in freight rates will add $365 a year or $1 a day to the average cost of living for every family of five in the United States. Witnesses before the Interstate Commerce Commission have testified that so great an increase will be prohibitive; that is, that the rates will be more than the traffic can bear. One result, in that event, would be that the revenues of the railroads will not be increased, but decreased. Why? Because long hauls, which add enormously to rail revenues, will have to be abandoned. Short haul zones will be established, and consumption areas established for them.

Then, the Federal Trade Information Service says: "Grand Rapids will be unable to ship furniture to the South. The South will have to make her own furnitude. California will be unable to ship oranges into New England. New England will have to eat her own apples and be content." And so on. The hauling of cotton 1000 or 2000 miles to be made into muslin and other fabrics, and the shipment back of goods for sale and consumption might cease should the cost of the long hauls make the price of the goods prohibitive. That is to say, raw materials and the factories would have to be brought closer together. What changes this would make in industrial conditions is interesting to contemplate.

High freight rates alone are not a true solution of the transportation problem. Labor and efficiency are vital points. Hence the country is about to enter on a test period in which the ability of American families to add a dollar a day to their expenses will be tried out, along with the ability of the railroad systems to maintain themselves under private control if forced to operate in short haul zones. Evidently we are beginning experiments likely to result in fundamental economic changes all over the country, which may or may not work out satisfactorily.

Not School For Convicts

Will some of our public officials ever get the fact through their heads that the United States army and navy are not intended to be reformatories? Every now and then the news of the day records an instance of some judge suspending sentence on a convicted youth on condition that he enter one of the fighting services. Generally there comes a prompt and deserved rebuke from an army or navy official who indignantly resents the plain imputation.

The latest case of the kind is furnished by the governor of North Carolina, who, in pardoning a seventeen-year-old boy who had been sentenced to a year in prison, made it a condition that he become a United States soldier or sailor. The quick response of Adjutant General Harris, head of the recruiting division, is right to the point: "Neither the army nor the navy is permitted to accept any man for enlistment who has done time. Our army is not a refuge for convicts and the ranks in our new regular establishment are filled, for the most part, with students attending the trade and vocational schools. These young men are representative Americans of the best type."

The high class of young men composing the personnel of our navy was first strikingly called to general attention when our fleet made its memorable before-the-war trip around the world. The people of the foreign ports visited were astonished to find that American warships were manned by gentlemen. They were living refutations of such proverbs as "spending money like a drunken sailor." Since then educational systems have been established, in both the army and the navy, which have continuously attracted a fine, upstanding, ambitious type of American youth.

Granting that the discipline of these services would be beneficial to young men who have taken the wrong path in life, there is a sound reason for excluding former criminals from the ranks, and the present policy is not likely to be changed.

Registering at the city hall is all that is necessary to obtain a divorce in Russia. That is even easier than the Reno way.

Sometimes politicians who "view with alarm" are only seeing things.

NOTICE OF TRUSTEE'S SALE

Whereas, by a Deed of Trust, dated March 11, 1919, recorded June 28, 1919, in book 6898, page 18, of Deeds, Records of Los Angeles County, California, to which record reference is hereby made, Homer A. Hansen and S. Maude Hansen, his wife, did grant and convey the property therein and hereinafter described to the Title Guarantee and Trust Company, as trustee, to secure, among other things, the payment of one certain promissory note, in favor of S. L. Sorenson, and other sums of money advanced and interest thereon.

Whereas, said S. L. Sorenson has for a valuable consideration sold and assigned said note and duly endorsed the same to Frances L. Balch; and

Whereas, there has been a default in the payment of the semi-annual installment of interest due and payable on said note September 11, 1919, and all subsequent semi-annual installments of interest, and by reason of such defaults, said Frances L. Balch, the owner and holder of said note and Trust Deed, on to-wit, April 22, 1920, exercised her option and declared the full amount of the indebtedness secured by said Trust Deed, immediately due and payable, there being the total sum of $1650.00 now due and unpaid; and

Whereas, in accordance with the provisions of Section 2924 of the Civil Code of the State of California, said Frances L. Balch, the owner and holder of said note and Trust Deed, on to-wit, April 28, 1920, caused to be recorded in the office of the County Recorder of said Los Angeles County, a notice of such default and the payment of principal and interest, and of her election to cause the property described in said Trust Deed to be sold, in accordance with the provisions thereof, to satisfy said obligation, which notice of default and election to sell was duly recorded in Book 7214, Page 37 of Deeds, Records of said Los Angeles County; and

Whereas, said Trust Deed provides that, if there is a default in the payment of any of the sums secured thereby, upon application of the ho[l]er of said note, the trustee sh[a]ll give notice and sell so much of [t]he property as shall be necessary to s[a]tisfy the indebtedness secured there[b]y.

Whereas, said Frances L. Bal[c]h by reason of the default in payme[n]t as stated, has requested the Ti[t]le Guarantee and Trust Company [t]o give notice and to sell said proper[t]y or so much thereof as shall be nec[e]ssary to sell, to pay all the indebt[e]dness secured and expenses incur[r]ed necessary to the execution of s[a]id trust.

Now Therefore, notice is here[b]y given that the Title Guarantee a[n]d Trust Company by virtue of the au[t]hority vested in it as Trustee, will s[e]ll at public auction, to the highest b[i]dder, for cash in gold coin, on the [2]9th day of September, 1920, at the ho[u]r of 11 o'clock a. m. of said day, at t[h]e western front entrance of the Co[u]rt House in the City of and County [o]f Los Angeles, State of California, [a]ll the interest conveyed to it by s[a]id Trust Deed, in and to all the f[o]llowing described property, to-wit:

Lots Eight (8) and Nine (9), [i]n Block 13 of the Los Angeles La[n]d and Water Company's Subdivision [o]f a portion of the Maclay Rancho, [i]n the County of Los Angeles, State [o]f California, as per map recorded [i]n Book 3, Pages 17 and 18 of Ma[p]s in the office of the County Record[e]r of said County; or so much there[o]f as shall be necessary to pay the to[t]al amount of the principal, interest, a[d]vances, charges, and costs, amounti[n]g to the sum of Eighteen Hundr[e]d Fifty and 00-100 ($1850.00) dolla[r]s due and unpaid.

In Witness Whereof, the Ti[t]le Guarantee and Trust Company h[a]s duly authorized this notice, by t[h]e signature of its Vice-President, [a]ttested by its Assistant Secretary, w[h]o has affixed the Corporate Seal, [a]t Los Angeles, California, this 29th d[a]y of July, 1920.

TITLE GUARANTEE AN[D] TRUST COMPANY.

Personals

S. C. Maranville and family are moving from 1339 South San Fernando Road to 405 West Eulalia.

Arden Thompson has just commenced a five-room residence at 405 West Wilson avenue, to cost $4000.

Mrs. M. G. Jackson and daughter, Frances, have returned from a week-end visit with relatives at Colpon.

Mrs. Ed Yard and son, Waldo, of 501 North Maryland avenue, left for Catalina yesterday to enjoy a week's outing.

Mrs. Louise Walton Stafford of 377 Milford, went to the California Hospital today for an operation on her throat.

Mrs. C. R. Bailey of Long Beach spent the week-end with her parents, Mr. and Mrs. E. C. Wilson, 1131 East Elk avenue.

Mrs. J. A. Wank of Hollywood, was the dinner guest of Mr. and Mrs. E. T. Allen of 364 Hawthorne street, Monday night.

I. Capdeville has taken out a permit for the moving and complete remodeling of the house at 1505 Gardena avenue, at a cost of $2000.

There were fifteen cases of traffic law violations heard by Judge Lowe yesterday and forty-six are set for tomorrow, several for excessive speeding.

Mr. and Mrs. Harold D. Charlton of 114-A North Orange street, have just returned from a week's outing at Balboa Beach. A very pleasant time was enjoyed.

Mrs. M. A. Timmons of 709 East Windsor Road left this morning for Chicago, where she will remain indefinitely visiting her sons, Frank A. and Edward Timmons.

A permit was taken out this morning by B. L. Cline for the erection of a six-room residence at 529 East Windsor Road for George Moore. The cost is given at $4800.

Permits for two two-room residences, one for E. P. Minges at 631 East Maple and the other for L. A. Travis at 1116 East Elk avenue, were taken out yesterday.

Willis A. Heald, son of W. E. Heald of 308 East Lomita avenue, has returned from San Angelo, Texas, where he has been employed in a bank for the past two years.

Mrs. W. D. McRae and son, William, Jr., of 634 North Kenwood street, leave this morning for Laguna Beach, where they will spend the balance of the week with friends.

Mrs. L. L. Smith of 807 Orange Grove avenue, has as her guests her mother and sister, Mrs. F. C. Foland and Miss Bertha Foland of Mountain View. They expect to be in Glendale about two weeks.

Mrs. Nellie Fintson left this morning for Riverside to spend several days visiting her brothers. Her father, J. F. Ballenger, who has been at Riverside for a short time, will return to Glendale soon.

Mrs. Margaret Stannard and daughter, Miss Elda, of Redlands, were week-end guests at the W. E. Heald home. They are former residents of Glendale, moving from this city to Long Beach, and thence to Redlands, their present home.

Mrs. William Nichols and daughter, Harriet, are again at Glendale, after a two weeks' stay at Portland, Ore., Shasta Springs and Coalinga, Calif. While at Coalinga they enjoyed a visit with the daughter and sister, Miss Margaret Nichols.

Mrs. William Koepp and three daughters, Misses Winifred, Ramona and Hazel, of Strathmore, Calif., are guests of Dr. Libbie W. Ashcroft of 1125 Melrose avenue, this week. Mrs. Koepp and daughters have been summering at Balboa, and are enroute home.

Mr. and Mrs. A. A. Tyler of 724 East Windsor Road, Miss Edith Tyler and nieces, Hazel and Elsie Tyler, of 623 North Maryland avenue, spent Sunday visiting Mr. and Mrs. Robert McAdams at their pear ranch near Palmdale. They report a most enjoyable day.

W. N. Bott and wife, of the Glendale Book Store, arrived at home yesterday from Fawnskin, in Bear Valley, where they spent several days. They met a number of Glendays people when they went over to Big Bear. The fishing was quite good, Mr. Bott said.

Harry Horn and wife expect soon to start building a residence on one of their lots just east of Brand on Chestnut, with a house in the rear for them to occupy, they intending to rent the front house. They may conclude to build on the other lot they own, adjoining this one.

Fred Danner, from Willows, Calif., near Sacramento, is in Glendale visiting his sister, Mrs. Varnham, of 622 North Maryland avenue, and his grandmother and aunt, Mrs. Carver, and Mrs. Huey, respectively. The latter two ladies are from Porterville, and are summering at the home of Mrs. Irene McReynolds.

A garage for a temporary home is being built at 453 West California avenue by E. N. Loefler, and one of the same kind at the corner of Hermosita and Del Valle avenues in Selvas de Verdugo, by Donald McFarland. In each case the cost is given at $500.

James W. Pearson and wife have been enjoying their new sedan for the past week by taking trips to Santa Barbara on the north, and ending up the week at Glen Ranch in San Bernardino County. They report ideal weather and fine roads most of the way.

A matinee party hastily made up to attend the Morosco Saturday afternoon consisted of Mrs. Bessie M. Elliot and daughter, Mildred, Mrs. R. M. Brown and her mother, Mrs. Hill, Mrs. F. J. Kuntzner, Mrs. Warren Roberts, Mrs. C. S. Archer and Miss Elsie Watland.

Mr. and Mrs. B. S. Palmer and daughter, Maurine, of Pittsburg, Kan., who have been visiting Mr. and Mrs. E. T. Allen of 364 Hawthorne street, left Sunday for their home in the East. Mr. Allen's sister, Miss Mollie B. Allen of Kansas City, is also visiting them. She will spend today at Long Beach.

Mrs. Bisbee and two nieces, who have been visiting Mrs. Louise Rusk and daughter, of 638 North Kenwood street, returned to their home in Chicago last Friday evening. Mrs. Bisbee has been in Glendale about two months, during which time her husband has been traveling in Europe on business.

Word was received the first of the week from Dr. Young and A. L. Baird, who went to Mt. Lassen for a month's outing for hunting and fishing, accompanied by their wives, stating that they had arrived at their destination, met Reuben Gould, the Indian guide, and were busy setting up their tent, so as to get at the important work of prospecting for deer.

Dr. and Mrs. C. A. Brandstater of San Francisco, have selected Glendale as their future home and have purchased the property at 401 West Wilson, where they, with their three sons, who are all in high school reside. Dr. Brandstater has opened dental offices at 102-A East Broadway and speaks in the highest terms of Glendale and its people.

A. Hirschi, living northeast of Glendale, reported to the police yesterday, that on the night before burglars entered his feed room and stole nine sacks of grain, worth considerable money these days, then let the air out of the tires of his machine so pursuit could not be made. Mr. Hirschi was referred to the sheriff's office, as he lives outside the limits of Glendale.

J. A. Valentine of 826 Green street, had to report an auto load of joy riders from Los Angeles who had sought a secluded spot near his home to make a noise last night. Police officers were sent down and ordered the driver of the car to take his party out of the city limits, so peaceful residents could enjoy their needed sleep. Such incidents as these are becoming too common, it is said at police headquarters.

Mr. and Mrs. C. R. Bird of 314 North Orange street, are moving to 1016 South Oxford street, Los Angeles, on Saturday, where they have purchased a home. They came to Glendale about five months ago from Oklahoma with the intention of making this their home, but owing to a change in Mr. Bird's business plans, found Los Angeles a better location and for this reason decided on a home in the Wilshire district.

Mr. and Mrs. G. E. Proctor are now occupying their residence at 141 South Pacific avenue, which they recently purchased from Mrs. Johanna Edwards. The Proctors came to California several months ago from Washington, D. C., and have been living in Los Angeles while seeking a residence section to their liking. Mrs. Edwards has moved to 369 West California avenue, where she has built a garage as a temporary residence until a house can be completed.

ELECT HARRY P. COKER

He is a man of business experience, well balanced and capable. He will administer the office of

Supervisor of the 5th District

honestly and efficiently. Mr. Coker is not a politician. He has lived in Glendale seventeen years, has always helped to keep Glendale clean. He knows also the needs of the great San Fernando Valley.

CLOTHING WANTED

MRS. ANN P. BARTLETT ASKS GIFTS OF CLOTHING FOR HOSPITAL PATIENTS

Mrs. Ann P. Bartlett, chairman of the Glendale Chapter, Pacific Department of the American Red Cross, wants The Evening News to appeal to the citizens of Glendale for gifts of warm clothing, by whole suits and overcoats or single pieces, for the boys in the U. S. Public Health Hospital at Palo Alto. There are 450 patients there, most of them discharged soldiers and sailors, many of whom have not yet received their allotments from the government so they have nothing to buy clothes with. The warm-hearted people of the state have not forgotten the unselfish service of these heroic boys and Mrs. Bartlett is sure Glendale's citizens will respond heartily to her appeal. The Red Cross has a staff of workers at the hospital whose only duty is to make life pleasant for the patients with cheerful conversation, plenty of reading matter and occasional auto rides for those able to take them.

In this connection Mrs. Bartlett wishes attention called to the fact that the ladies of the Christian Church are to meet all day Thursday for sewing on layettes for the destitute babies and young children of Eastern and Central Europe. She hopes that many of the ladies will respond to the call.

BETTER JUDGES

MEETING FOR MOVEMENT TO BREAK "JUDICIAL RING" HELD AT BARTLETT HOME

The Movement for Better Judges was given new impetus yesterday at a meeting held at the home of Mr. and Mrs. H. E. Bartlett, 347 North Brand Boulevard. The declaration of principles was read by Mrs. Bartlett and A. W. Tower, of Glendale, was chosen president of the local branch of the organization and Mrs. S. C. Leppelman, organizer. It was proposed to make a house to house canvass in the interest of the plan to defeat four men, now incumbents, and to smash the "ring of judges," who, it is declared, have combined to perpetuate themselves in office.

These four men, it was declared, have been tried and have been found wanting. A declaration of principles of the Movement for Better Judges, is printed in the display advertisement section of this newspaper, and is authorized by Fulton Lane, president of the Movement.

The representative, Bert Smith, who addressed the meeting yesterday, said that no fight is being made against Judges Louis W. Myers, John W. Shenk, Leslie R. Hewitt, Frank R. Willis, Charles S. Crail or Albert Lee Stephens, the incumbents.

Those who are in the race, the speaker said, but who are not incumbents, but who also are fully qualified and against whom no fight is being made, are Charles S. Burnell, who is now city attorney of Los Angeles; George Cryer, former deputy district attorney; Walton Wood, public defender; Walter Hanby, judge of the Township court; Ira Thompson, Minor Moore and Rufus Schmidt, well-known attorneys.

Troy Curl and wife will move early next week from 203 West Elk avenue to a house they are building at 361 Patterson avenue.

Miss Elizabeth Russel of 708 South Granada, spent the week-end at Monrovia, visiting Miss Edna Lawson. Miss Lawson was a former resident of Glendale.

Paul J. Kugler and wife were seen hurrying about the streets this morning in an auto filled with camping and housekeeping equipment, bound for a long auto camping trip.

Miss Evangeline Quackenbush of 1119 East Colorado is spending the week at Santa Monica and Ocean Park. During the time she is away she will visit several of the beaches, expecting to return the latter part of the week.

John Torrey, Jr., of 218 West California avenue, is visiting his aunt, Mrs. Robert McAdams at the pear ranch near Palmdale. As John has spent most of his time in cities, he is enjoying his stay in the beautiful country very much.

Lee Kaster of 204 East Acacia avenue, is spending his two weeks' vacation from work as salesman for a Los Angeles wholesale house, getting ready to move from the home he has just sold to one he is building at 117 West Chestnut.

Mr. and Mrs. Henry Nicolaus and son, Roy, and Mr. and Mrs. Fred A. Nicolaus and daughter, Mildred, are leaving Glendale for San Francisco, where they will visit relatives for a short time. They will be joined at the Bay City by Mrs. L. Fluhr, sister of Henry Nicolaus, and from there the party will proceed to Lake Tahoe for an indefinite stay. The trip will be made overland.

The business of kissing the babies will probably be left to the candidates for minor offices.

The Movement for Better Judges has been organized for the purpose of restoring to the bench of Los Angeles County appropriate judicial standards.

We have been reluctantly compelled to initiate this movement in order to effectively combat the existing combination of incumbent judges to perpetuate themselves in office reardless of qualifications.

It is significant that in the recent poll of the members of the bar 874 attorneys voted against the return of all of the incumbent judges who are candidates for re-election while only 112 voted in favor thereof.

The criticism of the bar is mainly directed against four of these incumbent candidates and the qualifications of these are seriously questioned. These judges are F. H. Taft, Chas. Monroe, Grant Jackson and Sidney Reeve.

We recognize the extraordinary power of the judiciary under the American system of government, and to preserve that system it is essential that the judiciary be kept inviolate.

We hold that a judge that will not listen to evidence with patience and fairness, one who is abusive and arbitrary to witnesses and litigants or who is ignorant of the law or unmindful of its mandates has disqualified himself from further service in a judicial capacity.

We approach the campaign without rancor or animosity, and indeed with a friendly feeling toward these candidates as individuals.

The Movement for Better Judges is based solely on principle and has as its motive a desire to assist in the election of those best qualified whether or not they are now upon the bench.

MOVEMENT FOR BETTER JUDGES

American Legion

The state convention of the American Legion opened in San Diego yesterday morning with a large attendance of delegates. The six from Glendale, some accompanied by their wives, were on hand for early registration. The real business of the convention opened this morning. A spirited fight is forecast on the question of whether or not the Legion Posts shall enter politics as an order. Glendale Post voted solidly against the proposition, but Los Angeles members are nearly all for it.

SAN DIEGO, Aug. 24.—(United Press).—The main business session of the California American Legion convention was held today.

The entire day's program, with the exception of the evening when Legion men not busy with committee meetings could attend theater parties arranged for them, was given over to committee reports. Action on a number of important matters affecting the welfare of discharged service men, was expected.

Boy Scouts, Attention!

The long looked for "bicycle hike" will take place Saturday morning. Mr. Kellogg, scout master, will be in charge. Only first-class scouts are eligible to participate. Destination will be the beach and return to Glendale, Monday afternoon. Mr. Kellogg asks all boys who expect to go to bring plenty of blankets and provisions. These will be taken in the trailer and should be at Mr. Kellogg's house, 630 North Kenwood, by Friday evening. Scouts should be ready to leave corner of Brand and Broadway at 6 o'clock Saturday morning.

Week-end camp on Sister Elsie will be kept open for all scouts who cannot go on bicycle trip, and will be in charge of Mr. H. Benjamin Robinson. Boys who expect to go to the camp are asked to bring their supplies to Mr. Kellogg's residence on Friday. Be at Glendale & Montrose ticket office at 2:30.

BRIGHT OUTLOOK FOR JAPAN

SAN FRANCISCO, Aug. 24.——(By United Press.)—Japan will be the first country to get back onto a pre-war basis industrially and financially in the opinion of S. Koh, manager of the Sumiton Bank of San Francisco.

Koh, who has just returned from a visit to Japan and the Orient, points out that if his prediction is correct it will be in spite of the fact that Japan was the first nation to undergo a commercial and financial upheaval as a result of the war.

"The present situation admittedly is serious," Koh declared. "During June and July concern was felt for the stability of several large Japanese firms but they were able to recover their balance and there is a bright outlook ahead."

Koh declared that the Bank of Japan and the Industrial Bank of Japan, both under government control, have finally adopted the policy of making loans on real estate as security—a practice which long has been frowned upon in Japan although basic in the banking enterprises of other countries.

Koh was optimistic as to what the future will bring forth for commercial Japan.

"While no one can make an accurate prediction as to when the situation will clear," he declared, "I feel the bottom has been reached. From this time on things will get no worse and at the proper time the pendulum will begin to swing back."

FREIGHT RATES AND PRICE REGULATION

There will be no great dependence upon prosecutions by the department of justice to keep the rate increase from being reflected in goods prices. The law is a puny protection against economic movements up or down.

Mr. Lauck, the miners' cost expert, consistently argues for the increase of rates as he did for the increase of wages. Both increases, he thinks, ought to come out of profits, and the charge upon the consumers ought to be "infinitesimal." So railway presidents argue before him. There is no doubt that profiteers would be glad to cover the increases of prices with the mantle of the rate increase, and that many will seek to do so.

Whoever is asked to pay a higher price because of the rate increase has a right to feel that his intelligence is insulted. Railway rates are reckoned in mills. They reach the dignity of cents only on cases, carcasses and carload lots. Countless articles are sold with national advertising at the same prices everywhere, regardless of foreign considerations. In multitudes of cases wholesalers' prices are made from a basing point, with freight added. They and the retailers know to a fraction what the addition is. They are bold who dare to add the freight on a case of shoes to each pair, or on a lamb's carcass to an order of chops in a restaurant. Buyers who endure that extortion are simple and foolish.—Exchange.

DOMESTICATING STRANGE WORDS

Political phrase-makers who send their puzzled hearers to the dictionaries confer a benefit upon them. "Normalcy" is not a usual word, but Senator Harding's use of it will no doubt make it more common verbal currency. Senator McCormick is reproved for speaking of "ululation," though it is one of those pleasantly onomatopoeic words which fit the sound to the sense.

In days past more than one hitherto uncommon word or phrase has been domesticated by political use. Senator Ingalls' "iridescent dream," and President Cleveland's "innocuous desuetude" are familiar cases in point. Language would be less picturesque than it is if everybody followed the beaten track of expression.

Wheat has dropped in price, and a poor man may now buy a barrel of flour for the price of a quart of whisky.

Quite a lot of persons who seem willing to have prices slashed to the bone do not even want the skin of wages touched.

When plasterers get $11 a day the job of the political mudslinger does not seem so attractive.

More for Your Dollar at Boadway's

These Are Great Days

It is a privilege to live today. The mightiest drama in 2000 years is being unfolded before our eyes. And it is within our power, as spectators and as humble actors, to exert compelling influence upon the onrushing, imminent denoument. We can make the play end as we will.

We have passed through the greatest war in history. We are seeing the world set about to clear away the wreckage, and it is our privilege to lend a hand to build again, more substantially than ever, a lofty temple to universal peace. The years of destruction have ended. The era of construction is at hand. In that thought should be balm for the aching heart and new vigor for tired spirit and worn body.

Nothing worth while has ever been achieved save by hard work. It is not reasonable, then, to expect that the greatest task to which man has ever dedicated his effort can be accomplished except by the most unrelenting toil. There are discouragements ahead, irritations, disappointments. But there will be no disillusionment for the man who is true to the faith and labors to the end.

"I'm tired of the fight," says the Weak Man. "I'm disgusted with the country," says the Bitter Man. "I'll fight it out to victory," says the Strong Man.

You hear such words about you every day, on the trains, in the street cars, in the thronged restaurants and teeming shops. Unconsciously, all about you, men and women are classifying themselves, the Optimist and the Pessimist, the Able and the Feeble, the Builder and the Parasite.

And just as truly as we classify ourselves in the daily struggle we are being classified by the inexorable march of marshaled events. Great times breed strong men. Weak men who yield become weaker. Strong men who triumph become stronger.

It is for each of us to say, irrevocably and indisputedly, whether we shall be conquered by events or whether we shall conquer time. None but ourselves can make us weak or strong.

How to Destroy Gophers

Many passersby have stopped to note the parkway tree in The Evening News window that was so eaten by gophers that it was ruined, and many comments have been made regarding the need for a persistent campaign of extermination against these destructive pests. A young man who recently moved to Glendale and bought an acre in the Grand View district, says he found his land fairly honey-combed with gophers, but with two wire traps he began and waged a war of extermination against them with complete success. He baited his traps with lettuce leaves or other greens, so placed that the gophers would have to pass over the trap to get the food and the invariable result was a dead gopher. The bait should not be touched by the bare hand if possible to prevent it, as too strong a scent of the human scares the gopher away.
